OOP

TECHNICAL FOCUS

Custom Magento modules

Backend architecture and clean OOP implementation.

Import pipelines

Products, stock, tier prices, attributes, categories, media, documents.

Integrations

Akeneo, Mirakl, ERP, payment services, external APIs.

Data exchange

API, FTP, cURL, structured feeds (CSV/XML/JSON).

Upgrades

Magento 2.3 → 2.4.x, compatibility fixes, safe production rollout.

Performance

Elasticsearch tuning, import refactoring, backend bottleneck fixes.

Production support

Bug fixing, stabilization, long-term maintenance of live stores.

Laravel (Junior+) Hands-on Laravel: **Dealership CRM** (leads, deals, client requests), task-management app, SaaS/ERP backend. [dealership-crm](#) · [laravel-task-management](#)

EXPERIENCE

Senior Magento Backend Developer · Freelance / Contract (EU clients) · 2015 – Present

- Developed custom modules for catalog, checkout, pricing, and admin workflows.
- Implemented integrations with Akeneo, Mirakl, ERP systems, and custom APIs.
- Delivered safe Magento upgrades (2.3 → 2.4.x) and ongoing production support.
- Improved performance through Elasticsearch tuning and import refactoring.
- Available for remote backend roles as Magento Backend Developer and Laravel Backend Developer (Junior+).

ALL PROJECTS

Laravel 13, PHP 8.3, MySQL, Blade, Tailwind v4, PHPUnit · [github.com/ikozhemiakin/dealership-crm](#)
Automotive sales CRM: public client request form, authenticated workspace for leads/clients/deals, call & SMS timeline, manager assignment, lead-to-deal conversion. Actions/Services/DTOs architecture. Role: Laravel Backend Developer.

Tim.pl (Skillaerea) 2015

tim.pl · Magento, HTML5, JavaScript
Custom modules, template integration, modules installation. Role: Magento Developer.

Meller (Skillaerea) 2015

mellerbrand.com · Magento, PHP, MySQL, jQuery
Project architecture, custom modules. Role: Magento Developer.

TransEU (TransEU) 2015

ru.trans.eu · WordPress, PHP, MySQL, cURL, JSON, CSV
WordPress development and data integration. Role: WordPress Developer.

24wijn (Skillaerea) 2016

Magento, PHP, MySQL, XML, jQuery
Custom modules, AMP theme, social network integrations. Role: Magento Developer.

Paymentbox (Paymentbox) 2016

Phone-number payments and API for mobile integration
Payment flow customization and API endpoints. Role: Magento Developer.

Product Matrix (Skillaerea) 2016

Magento 2, PHP, MySQL, jQuery, XML
Matrix UI for configurable products (color/size buying flow). Role: Magento Developer.

SimplyCharming (Skillaerea) 2017

scstyle.bm · Magento 2, PHP, MySQL
Multistore, theme customization, payment integration (FAC). Role: Magento Developer.

Fundrising (GoMage) 2017

fund.gomage.com · Magento 2
Theme customization, custom modules, feature and support tasks. Role: Magento Developer.

Maxitoys (Smile) 2018

maxitoys.fr · Magento 2, PHP, MySQL
Functionality development, support, theme customization. Role: Magento Developer.

Chilewich (WebMeredian) 2020

chilewich.com/store · Magento 2, API
Theme customization, custom modules, API response development. Role: Magento Developer.

Bobbie (WebMeredian)	2020
bobbie.de · Magento 2, PHP, MySQL	
Theme customization, custom modules, ongoing feature support. Role: Magento Developer.	
Beemad (SoftLoft)	2021
beemad.co.in · Magento 2, API	
Theme customization, custom modules, support and enhancement tasks. Role: Magento Developer.	
Lafurniture (SoftLoft)	2021
lafurniturestore.com · Magento 2, API	
Theme customization, custom modules, ongoing backend support. Role: Magento Developer.	
Reve (FBF)	2022
reve.pl · Magento 2, PHP, MySQL	
Theme customization, custom modules, support tasks. Role: Magento Developer.	
Edycja (FBF)	2022
edycja.pl · Magento 2	
Magento version update, custom modules, support tasks. Role: Magento Developer.	
Woodesign (FBF)	2022
woodesign.ie · Magento 2, Hyva, Elasticsearch	
Hyva customization, extension development, Elasticsearch setup. Role: Magento Developer.	
Basco (FBF)	2022
Magento 2, REST API, PHP, MySQL	
REST API work, custom modules, support tasks. Role: Magento Developer.	
ErotikMarket (FBF)	2022
erotikmarkt.ch · Magento 2.4.6, PHP 8.2, API	
Upgrade from 2.3, configuration, bug fixes, WordPress integration. Role: Magento Developer.	
Excellent (FBF)	2023
excellent.com.pl · Magento 2, Akeneo, ERP, Elasticsearch	
Akeneo import, B2B pricing, performance work. Role: Magento Developer.	
HouseTipster (FBF)	2023
housetipster.com · Magento 2, Akeneo, FTP	
Akeneo configuration, product/customer import, extensions. Role: Magento Developer.
